(81) 指定国(除另有指明, 要求每一种可提供的国家保护): AE, AG, AL, AM, AO, AT, AU, AZ, BA, BB, BG, BH, BN, BR, BW, BY, BZ, CA, CH, CL, CN, CO, CR, CU, CV, CZ, DE, DJ, DK, DM, DO, DZ, EC, EE, EG, ES, FI, GB, GD, GE, GH, GM, GT, HN, HR, HU, ID, IL, IN, IQ,

(54) **Title:** VIDEO EDITING METHOD AND APPARATUS, ELECTRONIC DEVICE, AND STORAGE MEDIUM

(54) 发明名称: 视频编辑方法、装置、电子设备以及存储介质

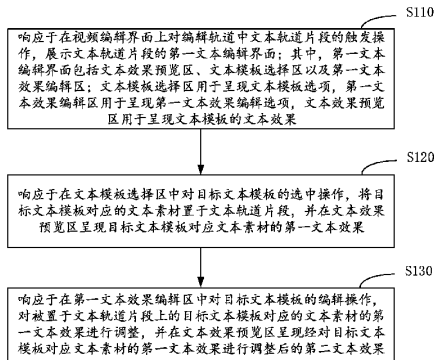

图1

S110 In response to a trigger operation on a text track segment in a editing track on a video editing interface, display a first text editing interface of the text track segment, wherein the first text editing interface comprises a text effect preview area, a text template selection area, and a first text effect editing area; the text template selection area is used for presenting text template options, the first text effect editing area is used for presenting text effects of text templates

S120 In response to a selection operation on a target text template in the text template selection area, place on the text track segment a text material corresponding to the target text template, and present in the text effect preview area a first text effect of a text material corresponding to the target text template

S130 In response to an editing operation on the target text template in the first text effect editing area, adjust the first text effect of the text material corresponding to the target text template and placed on the text track segment, and present in the text effect preview area a second text effect obtained after adjusting the first text effect of the text material corresponding to the target text template

(57) **Abstract:** Embodiments of the present disclosure provide a video editing method and apparatus, an electronic device, and a storage medium. The method comprises: in response to a trigger operation on a text track segment in an editing track on a video editing interface, displaying a first text editing interface of the text track segment, wherein the first text editing interface comprises a text effect preview area, a text template selection area, and a first text effect editing area; in response to a selection operation on a target text template, placing a corresponding text material on the text track segment and presenting a first text effect of the corresponding text material in the text effect preview area; and in response to an editing operation on the target text template, adjusting the first text effect of the corresponding text material placed on the text track segment, and presenting in the text effect preview area a second text effect obtained after adjusting the first text effect of the corresponding text material. The present solution shortens an operation path for text editing and enhances rapid editing of text effects while ensuring high distribution efficiency of text templates.

本国际公布:

— 包括国际检索报告(条约第21条(3))。

(57) 摘要: 本公开实施例提供了一种视频编辑方法、装置、电子设备以及存储介质。所述方法包括: 响应于在视频编辑界面上对编辑轨道中文本轨道片段的触发操作, 展示文本轨道片段的包括有文本效果预览区、文本模板选择区以及第一文本效果编辑区的第一文本编辑界面, 响应于对目标文本模板的选中操作, 将对应文本素材置于文本轨道片段并在文本效果预览区呈现对应文本素材的第一文本效果, 响应于对目标文本模板的编辑操作, 对被置于文本轨道片段上的对应文本素材的第一文本效果进行调整并在文本效果预览区呈现经对对应文本素材的第一文本效果进行调整后的第二文本效果。本方案降低了文本编辑的操作路径, 并在保证文本模板高分发效率的同时提高文本效果的快速编辑。
