**FIG. 1**

The diagram illustrates a login form structure. It consists of a main rectangular container labeled 202. Inside this container is a smaller rectangular box labeled 204a. Within box 204a, there are three elements: a text input field labeled 206 containing the text "Stella Brent", a text input field labeled 208 containing a series of asterisks "\*\*\*\*\*", and a rectangular button labeled 210 with the text "Submit". The labels 206, 208, and 210 are positioned to the right of their respective input fields, with leader lines pointing to them. The label 204a is positioned to the left of the inner box, and the label 202 is positioned to the left of the main container.
