(54) **Title:** SHAVE CARE COMPOSITION FOR A LIQUID DISPENSING RAZOR

(57) **Abstract:** A liquid dispensing razor including a reservoir containing a shave care composition. The shave care composition comprises water; one or more lipophilic skin conditioning agents; one or more thickening agents including electrolyte sensitive polymers; one or more emulsifying agents; and one or more lubricants. The shave care composition is delivered to the skin by the razor to provide skin comfort and moisturization benefits during the shave. The combination of the chemistry in the razor results in step change in skin condition in consumer and technical skin moisturization benefits.
