(54) **Title**: MASSAGING DEVICE

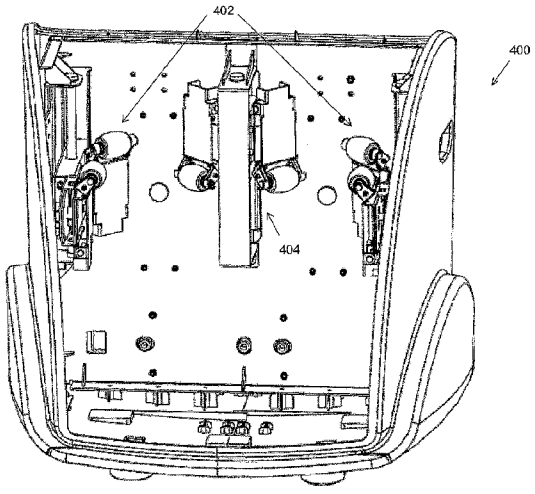

Figure 4a

(57) **Abstract**: A massaging device is provided. The massaging device includes a first massaging arrangement and a second massaging arrangement, the first massaging arrangement and the second massaging arrangement being adapted to jointly massage the same body part; driving means connected to the first massaging arrangement and the second massaging arrangement, the driving means being configured to move the first massaging arrangement and the second massaging arrangement in essentially opposite directions with respect to each other.
