

11. A compound according to any one of the preceding claims, wherein R₄ is isopropyl.
12. A compound according to any one of the preceding claims, wherein R₄ is oxetan-3-yl.
13. A compound according to any one of the preceding claims, wherein the X in para position to N-R₄ is C and the R₅ on that X is F.
14. A compound according to any one of the preceding claims, wherein one X is N and the other X's are C, the N preferably being in *para* position to N-R₄.
15. A compound according to any one of the preceding claims, wherein at most one R₅ is selected from the group consisting of C₁-C₆ alkyl, C₁-C₆-alkoxy, halogen, and CN, and the other R₅ are H.
16. A compound according to any one of the preceding claims, wherein all R₅ are H.

17. The compound as claimed in claim 1 wherein the compound is

or a prodrug, N-oxide, addition salt, quaternary amine, or metal complex thereof.

18. The compound as claimed in claim 17 wherein the compound is

~~17~~19. A compound as claimed in any one of claims 1 to ~~16-18~~ for use as a medicine.

~~18~~20. A pharmaceutical composition comprising a pharmaceutically acceptable carrier, and as active ingredient a therapeutically effective amount of a compound as claimed in any one of claims 1 to ~~16~~18.

~~19~~21. A process for preparing a pharmaceutical composition as claimed in claim ~~16~~20, said process comprising intimately mixing a pharmaceutically acceptable carrier with a therapeutically effective amount of a compound as claimed in any one of claims 1 to ~~16~~18.

~~20~~22. A compound as claimed in any of claims 1 to ~~16-18~~ for use as a medicament for inhibiting RSV replication.

~~21~~23. A process for preparing a compound as claimed in any of the claims 1 to ~~16~~18, said process comprising coupling a compound selected from the group consisting of II-a, II-b, and II-c with a compound III in accordance with scheme 1 below, resulting in

derivatives of formula (I) with all substituents R and X having a meaning in accordance with claim 1 or 2.

2224. The use of a compound as claimed in any of claims 1 to ~~16~~18 for the manufacture of a medicament for inhibiting RSV replication.
