(54) Title: INFORMATION STORING DISK, REPRODUCTION APPARATUS, AND REPRODUCTION METHOD

(57) Abstract

An information storing disk including at least one system stream stored thereon. The at least one system stream includes a silent cell for defining a silent period and an audio cell for defining audio data to be reproduced after the silent period. The silent period is a period to be silent, which is from when one system stream to be reproduced among at least one system stream is determined until reproduction of an audio cell included in the one system stream is started.
