

ABSTRACT:

Cassette provided with magnetic tape on two coplanar reels.

5 A cassette (1) provided with magnetic tape (3) comprises a housing (9) with two main walls (11, 13) and a several transverse walls (15, 17, 19, 21). One of the main walls (13) is imperforate and is provided with a window (39) which can be opened and a label (37) interposed between the window (39) and the main wall (13). The window (39) is secured to the housing (9) by means of a tab (45) and projections (55, 57) and can be moved away temporarily from the label (9) to note data on the label (37).
