

**PROCESS FOR PREPARING DIESTERS FROM UNSATURATED FATTY ALCOHOLS
AND DIESTERS THUS OBTAINED**

ABSTRACT

5

The invention relates to a method for preparing a composition of diesters comprising reacting an unsaturated compound of alcohol type or the ester thereof, with a saturated fatty acid, in the presence of an acid catalyst. The invention also relates to a composition of diesters that is obtainable by the method of the invention, and the use thereof in lubricating compositions
