FORMALITIES EXAMINATION ADVERSE REPORT

We are writing about your Request for Grant of Patent (Patents Form 1) submitted on 21 October 2022. A preliminary examination of the application has been performed:

Formal Requirements

We have reviewed the request and would like to highlight the following –

There is a page of Abstract in the "Description (with claims)".

You are required to remove the Abstract from the "Description (with claims)" by striking off with a diagonal line as shown in Diagram X and save the document as "Amendment of Description with Claim(s) (marked up)" in PDF format.

- Abstract should commence in fresh page and should be continuation as in page 43
- Drawings should be paginated as page 1/5,2/5,3/5,4/5

Please file Patents Form 13 to rectify the errors and do the following:

In Part 2.1, Reason for Making the Amendment, select the option "In response to the Registrar's Formalities Examination Adverse Report".

File together with marked up and clean copies of replacement sheets for the amended description with claims as well as abstract.

and upload the following set of documents below. Select the following document type: -

- Amendment of Description with Claim(s) (marked up)
- Amendment of Description with Claim(s)
- Amendment of Abstract (marked up)
- Amendment of Abstract

Please file amendments to the application and any observations you may have by 21 February 2023. Otherwise, the application may be refused.
