(54) Title: NAMED OBJECT VIEW OF ELECTRONIC DATA REPORT

(57) Abstract: A named object view of a report is generated from an electronic data file. Objects in the file to be published are identified in the file. A named object view of the report associated with the file is generated by publishing the identified objects. A viewer at a client is presented with the named object view of the report such that the viewer's attention is focused on the published objects.
