

ABSTRACT

A dicing sheet of the invention is a dicing sheet (1) including a base material (2),
an adhesive layer (3) which is laminated on the first surface side of the base material (2),
5 and a release sheet (6) which is laminated on the adhesive layer (3) on the side opposite
to the base material (2), in which an arithmetic mean roughness (Ra1) of a second surface
of the base material (2) is 0.2 μm or greater, and an arithmetic mean roughness (Ra2) of
the second surface of the base material (2) after the dicing sheet (1) is heated for 2 hours
at 130°C is 0.25 μm or less.
