(54) Title: ALCOHOLIC BEVERAGE ENRICHED WITH $^1\text{H}_2^{16}\text{O}$

(57) Abstract: The present invention relates to production of alcoholic beverage enriched with $^1\text{H}_2^{16}\text{O}$ in comparison with typical alcoholic beverage. This is provided by addition to alcoholic beverage highly pure light water comprising $^1\text{H}_2^{16}\text{O}$ from about 99.76% to about 99.99% by weight of water. The addition of highly pure light water to alcoholic beverage composition leads to lowering of the ethanol toxicity.
