TITLE OF INVENTION: COMPOSITION FOR PROMOTING EXPRESSION OF AQUAPORIN 3, AND USE THEREOF

ABSTRACT

The purpose of the present invention is to provide a specific composition for promoting expression of aquaporin 3, and use thereof. The present invention relates to a composition for promoting expression of aquaporin 3, the composition including a galloyl group-containing flavan-3-ol monomer and/or a galloyl group-containing flavan-3-ol polymer as an active ingredient.
