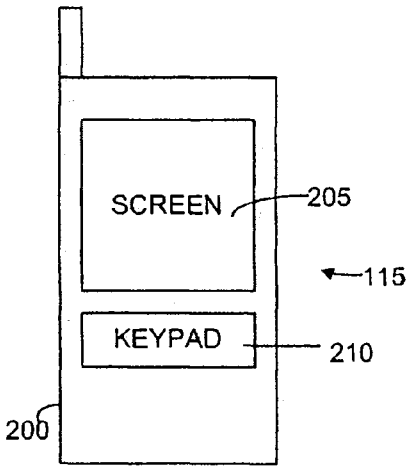

Figure 2

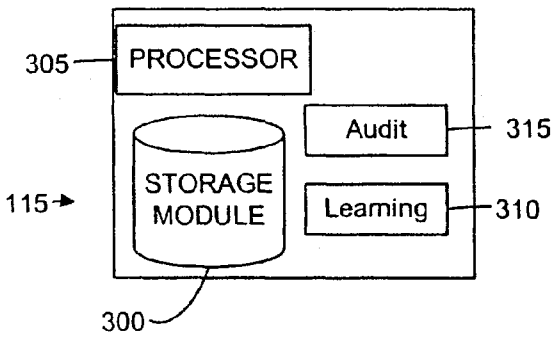

Figure 3

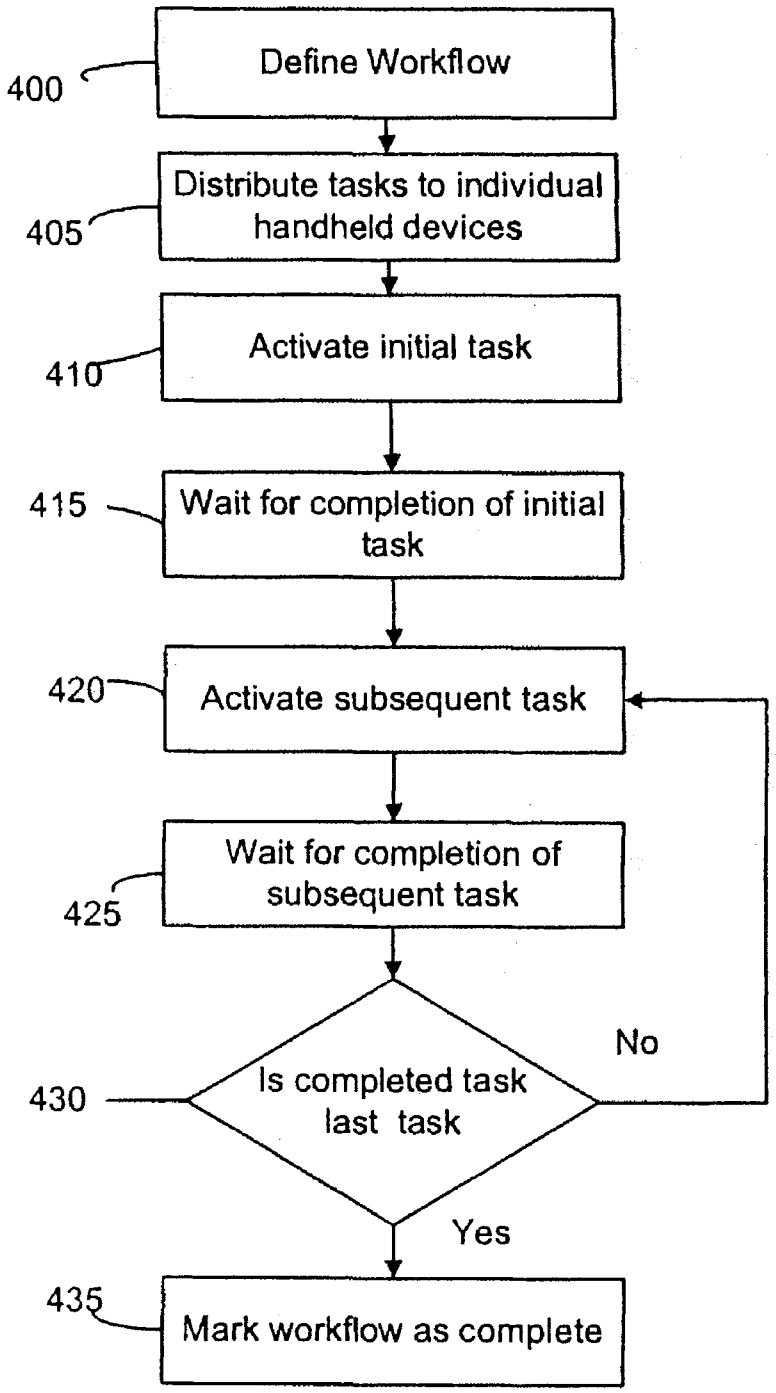

Define Workflow
400
Distribute tasks to individual handheld devices
405
Activate initial task
410
Wait for completion of initial task
415
Activate subsequent task
420
Wait for completion of subsequent task
425
Is completed task last task
430
No
Yes
Mark workflow as complete
435

Figure 4

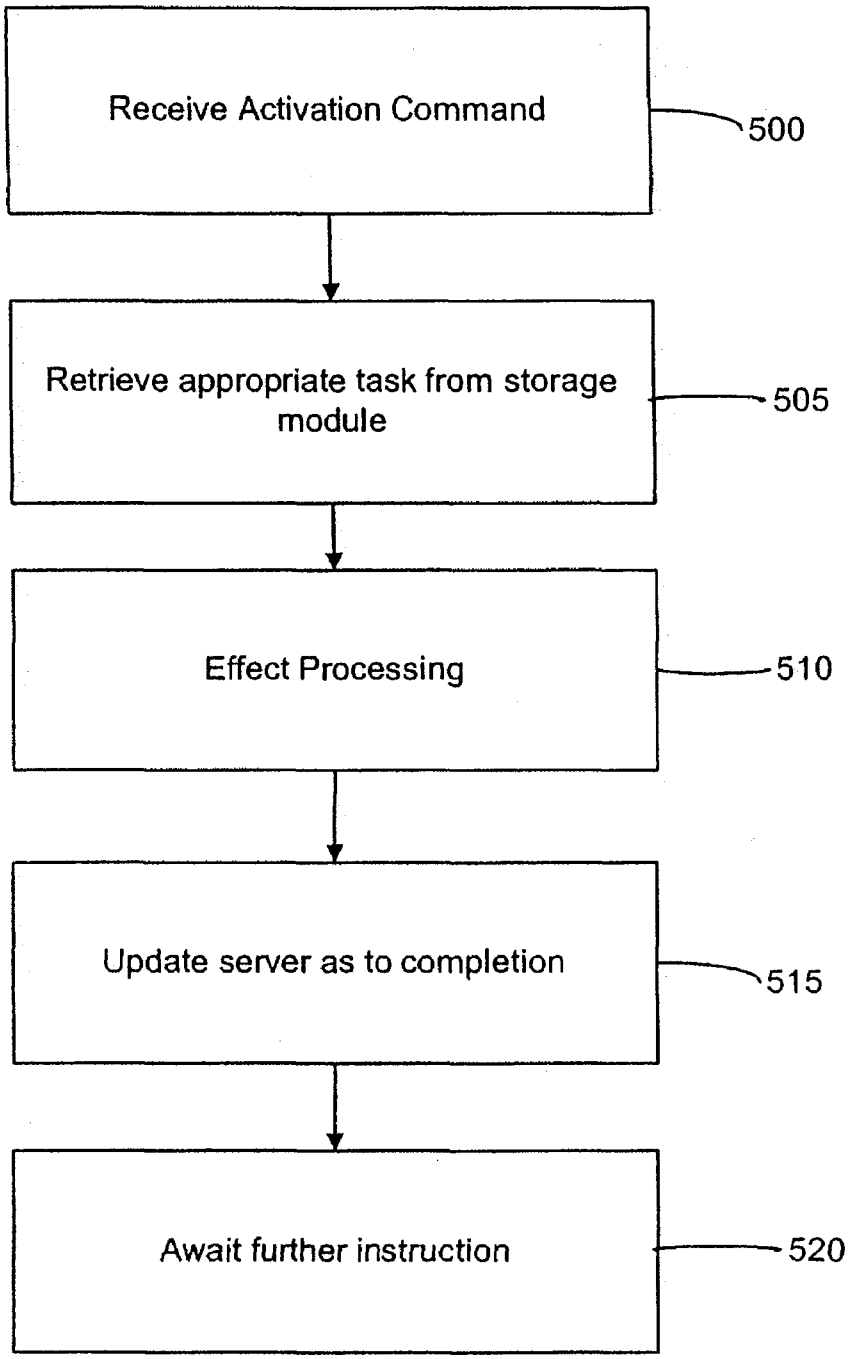

Receive Activation Command
500
Retrieve appropriate task from storage module
505
Effect Processing
510
Update server as to completion
515
Await further instruction
520

Figure 5

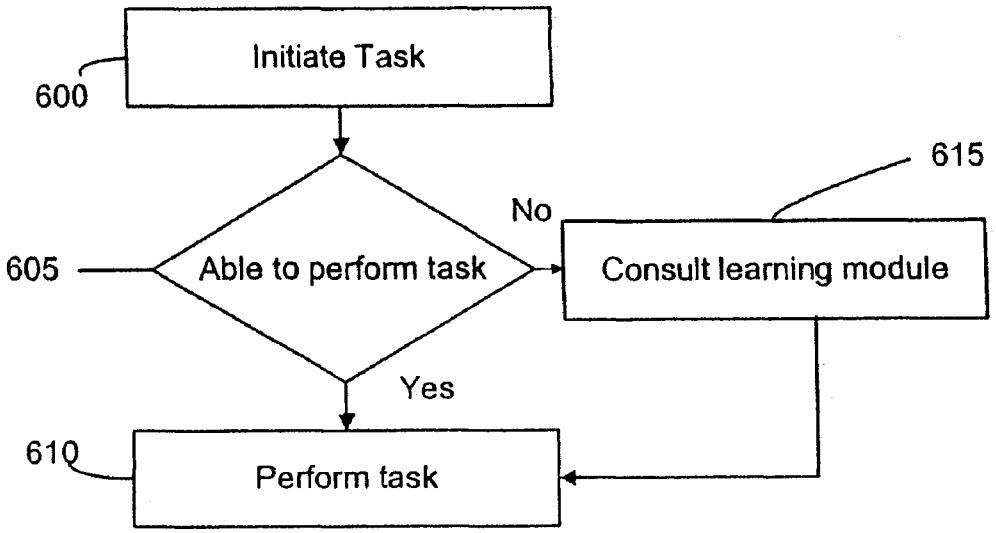

Initiate Task
600
615
No
605
Able to perform task
Consult learning module
Yes
610
Perform task
