

ABSTRACT

IAP BIR DOMAIN BINDING COMPOUNDS

Disclosed is an isomer, enantiomer, diastereoisomer or tautomer of a compound represented by Formula (I) or (II) or a salt thereof, in which R1, R2, R3, R100, R200, R300, A, A1, BG, Q and Q1 are substituents described herein. Also disclosed is the use of compounds of Formula I and II to treat proliferative disorders such as cancer.
