

**Abstract:**

**SPORTS FOOTWEAR WITH ITS VAMP OF ARAMID FIBRE FABRIC**

Sports footwear (1), in particular a football boot, comprises a vamp (2) and a sole unit (3) provided with studs (4). At least most of the vamp is formed from aramid fibre fabric, structural parts of the footwear (1), such as the rear stiffening portion (15) and the free edges (12) of the closure flaps (13, 14) of said vamp (2), being of at least partly semi-rigid material.
