**FIG. 1**

The diagram illustrates a login form structure. It consists of a main rectangular container labeled 202. Inside this container is a smaller rectangular box labeled 204a. Within box 204a, there are three elements: a text input field labeled 206 containing the text "Stella Brent", a text input field labeled 208 containing ten asterisks "*****", and a rectangular button labeled 210 with the text "Submit". The labels 206, 208, and 210 are positioned to the right of their respective input fields, with a small curved line connecting the label to the field. The labels "Username" and "Password" are positioned to the left of the input fields 206 and 208 respectively.
