**FIG. 6**

The diagram shows a table with four columns and seven rows. The first row contains the headers: 'Difficulty', 'GWC accumulation /unit time', 'Element consumption/ unit time', and '...'. The subsequent rows contain numerical data. Above the table, three labels with arrows point to specific columns: '702' points to the 'Difficulty' column, '704' points to the 'GWC accumulation /unit time' column, and '706' points to the 'Element consumption/ unit time' column. Below the table, a label '700' with an arrow points to the entire table structure.

Difficulty	GWC accumulation /unit time	Element consumption/ unit time	...
1	100	100	...
2	180	200	...
3	200	300	...
4	180	400	...
5	100	500	...
...	...	...	...
