Abstract

Embodiments of the disclosure provide a chat information display method and apparatus, an electronic device, and a storage medium. The method includes: displaying a chat interface, where the chat interface displays at least one piece of chat information; and determining, in response to a style adjustment operation of a first user, at least one piece of first chat information to be adjusted from the at least one piece of chat information, and adjusting a display style of the at least one piece of first chat information on the chat interface, where the chat interface displays second chat information in addition to the at least one piece of first chat information.
