

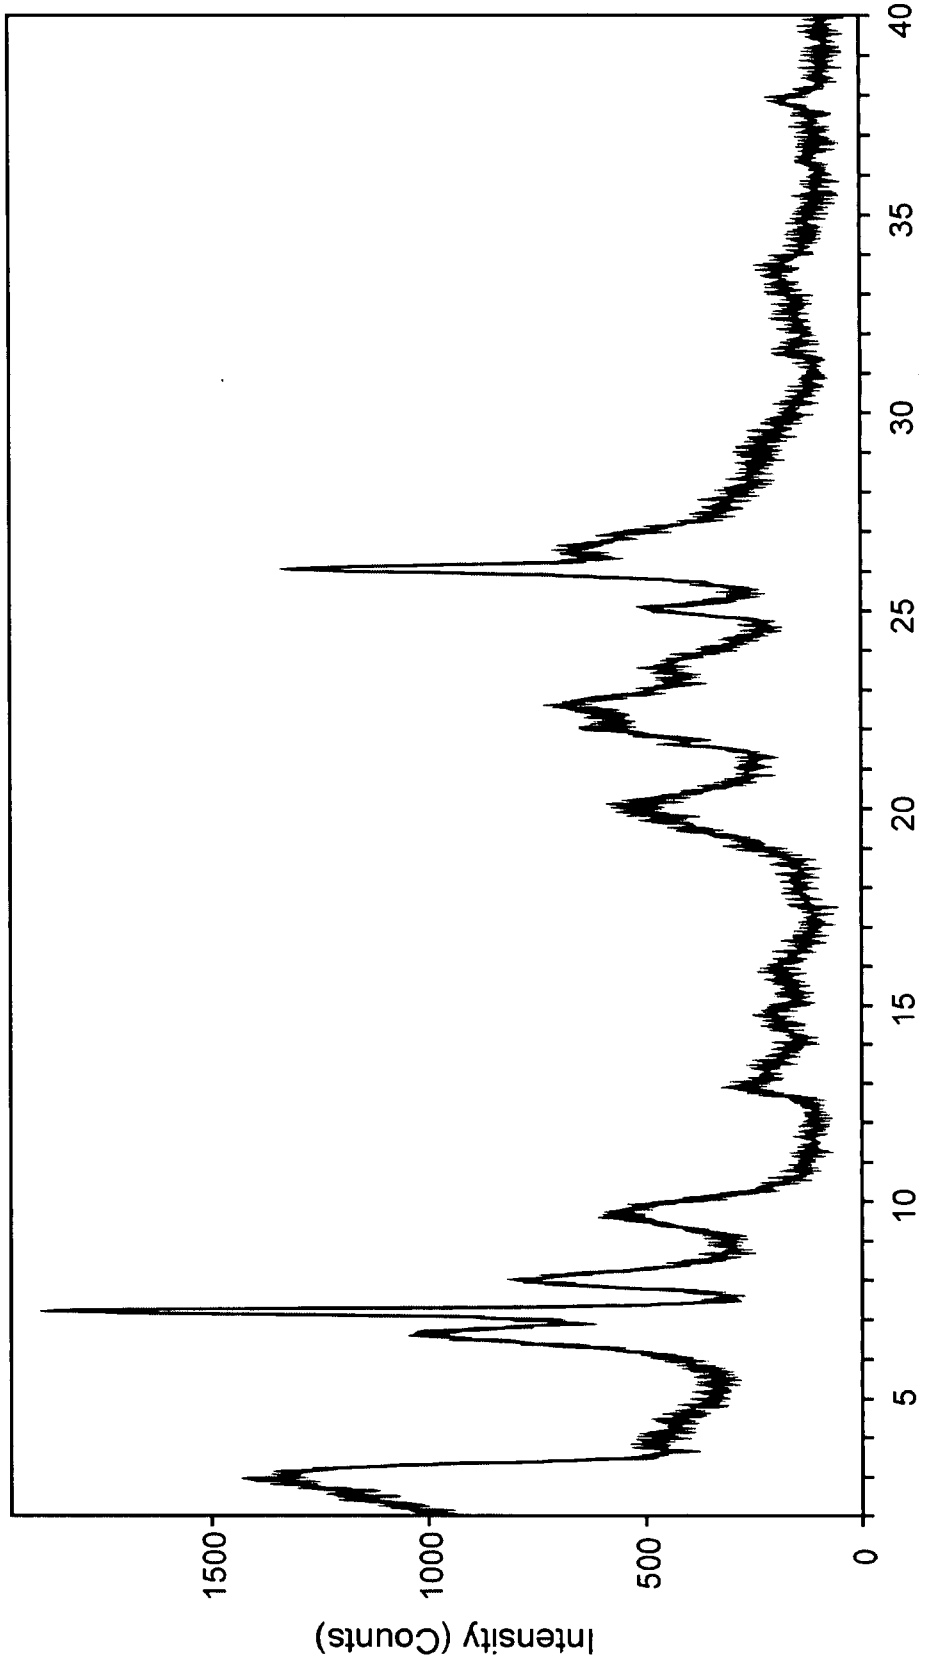

Figure 1:
XRD of As-synthesized Products of Example A (Comparative)

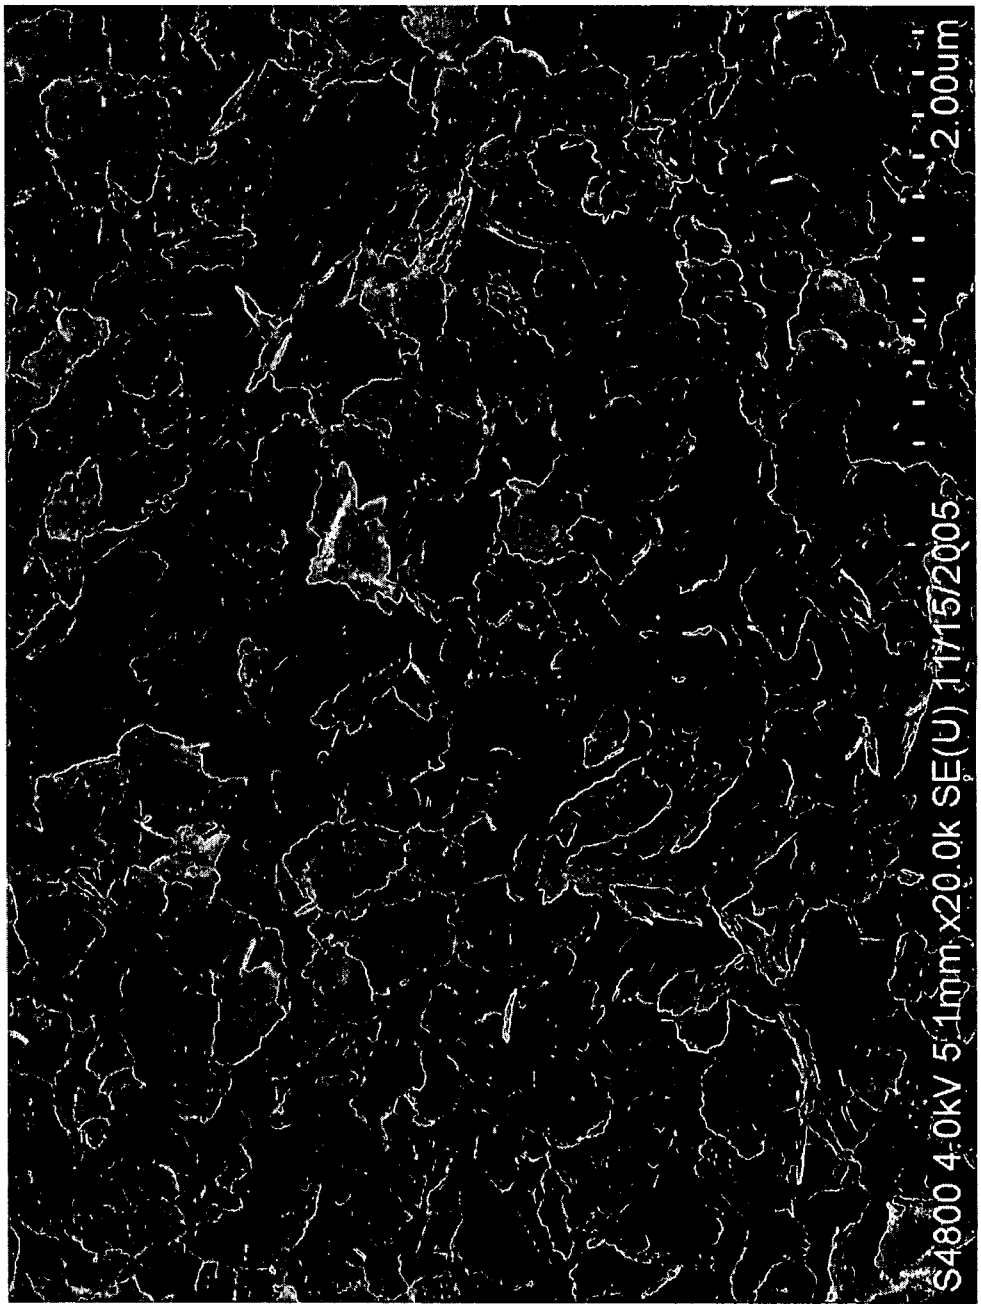

Figure 2:
SEM of Example A (Comparative)

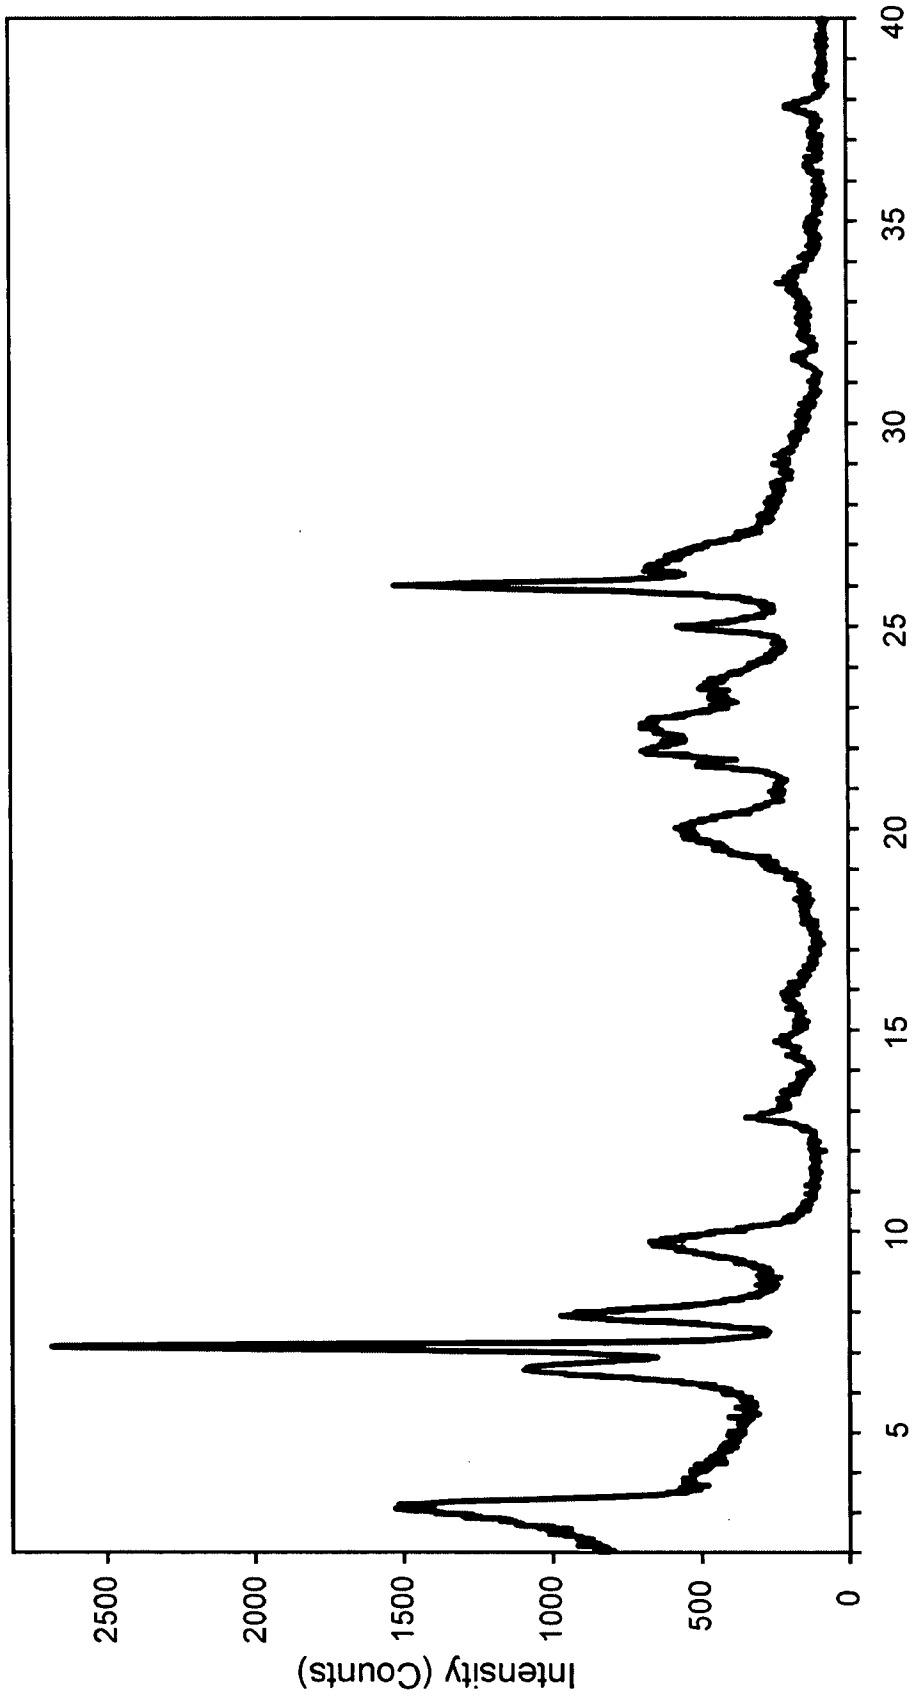

Figure 3A:
XRD of the as-synthesized product of example 1 after 120 hrs of crystallization

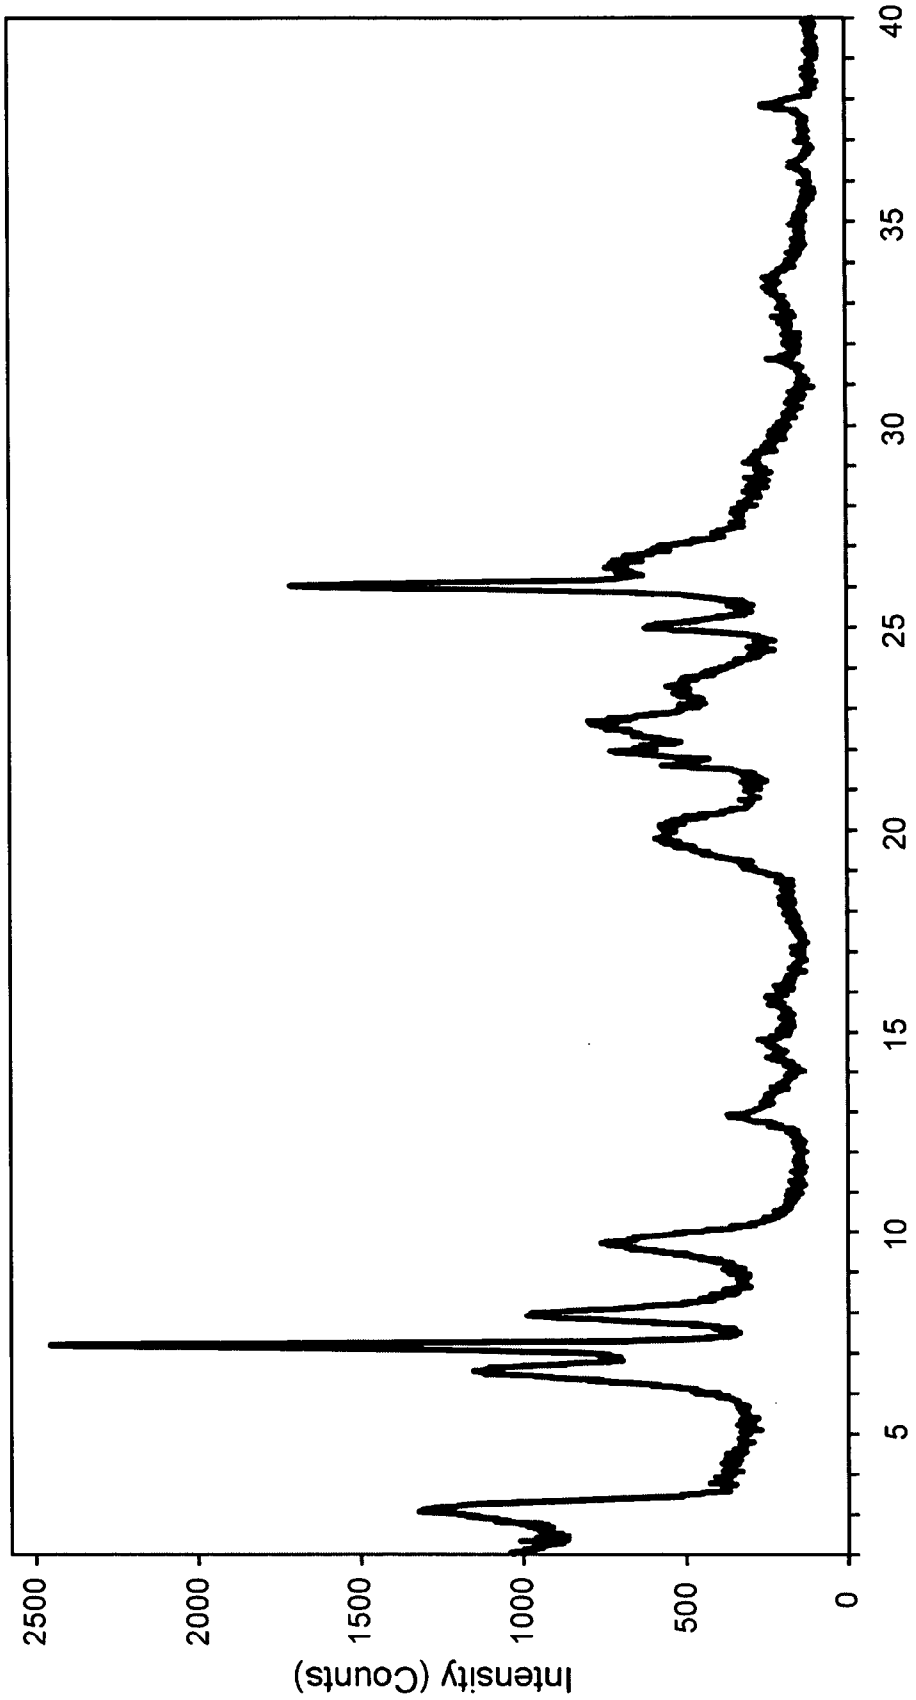

Figure 3B:
XRD of the as-synthesized product of example 1 after 168 hrs of crystallization

Figure 4:
SEM of the as-synthesized product of example 1 after 168 hrs of crystallization

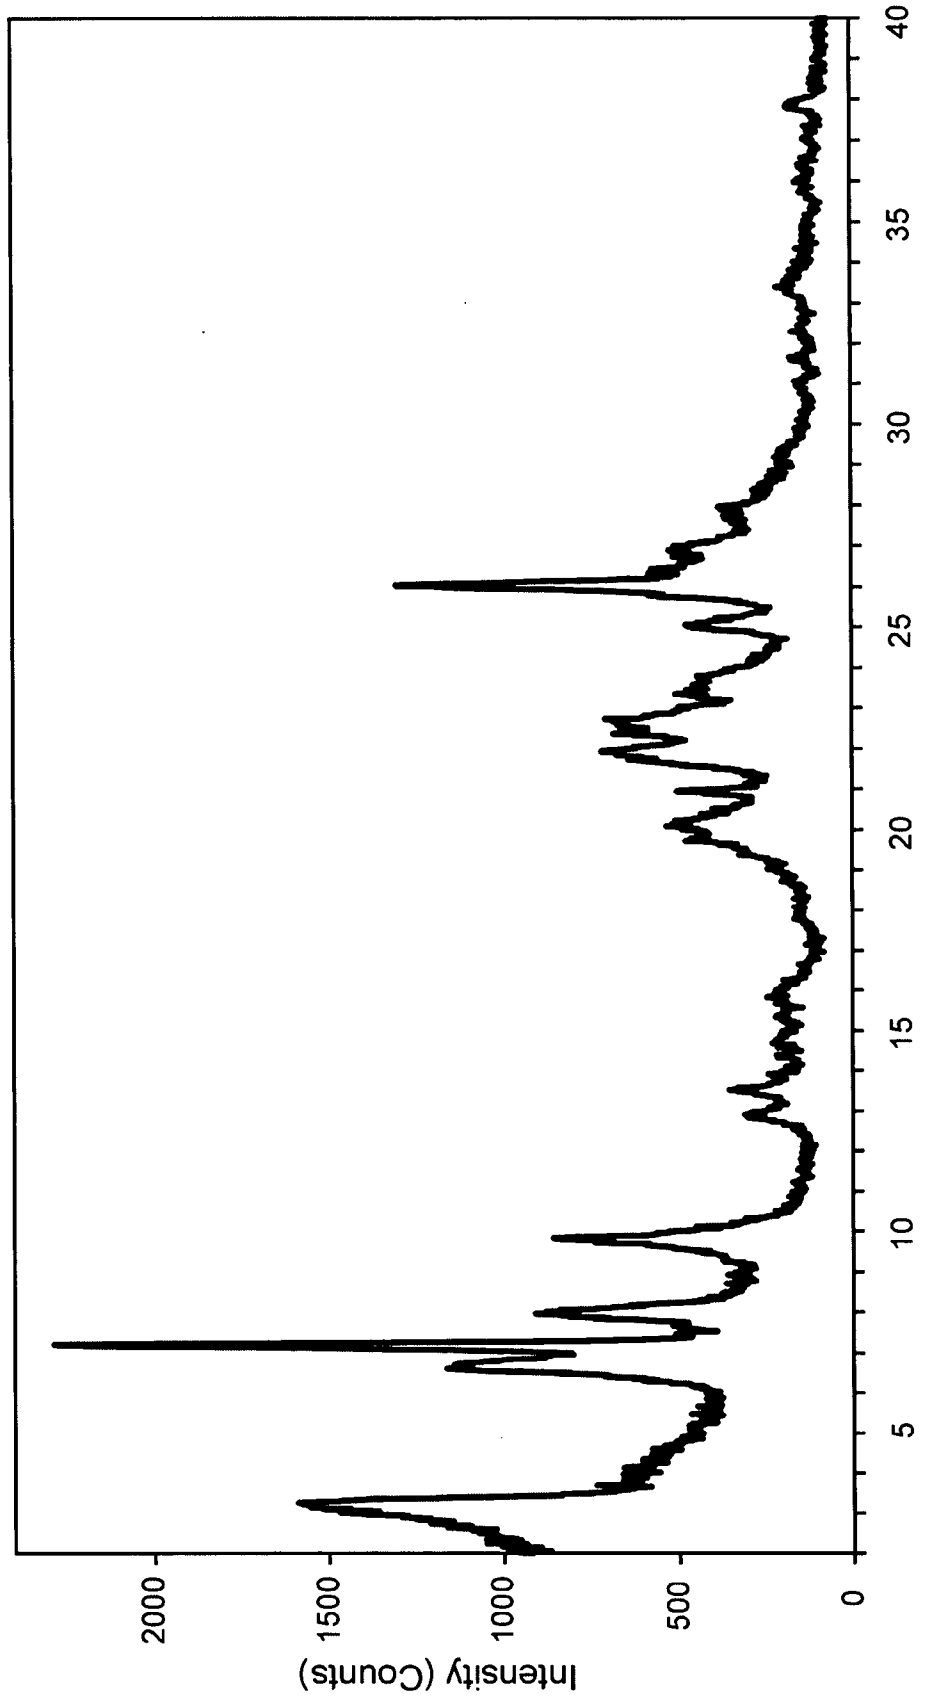

Figure 5:
XRD of the as-synthesized product of example 2 after 216 hrs of crystallization

Figure 6A:
SEM of the as-synthesized product of example 2 after 216 hrs of crystallization

Figure 6B:
SEM of the as-synthesized product of example 2 after 216 hrs of crystallization

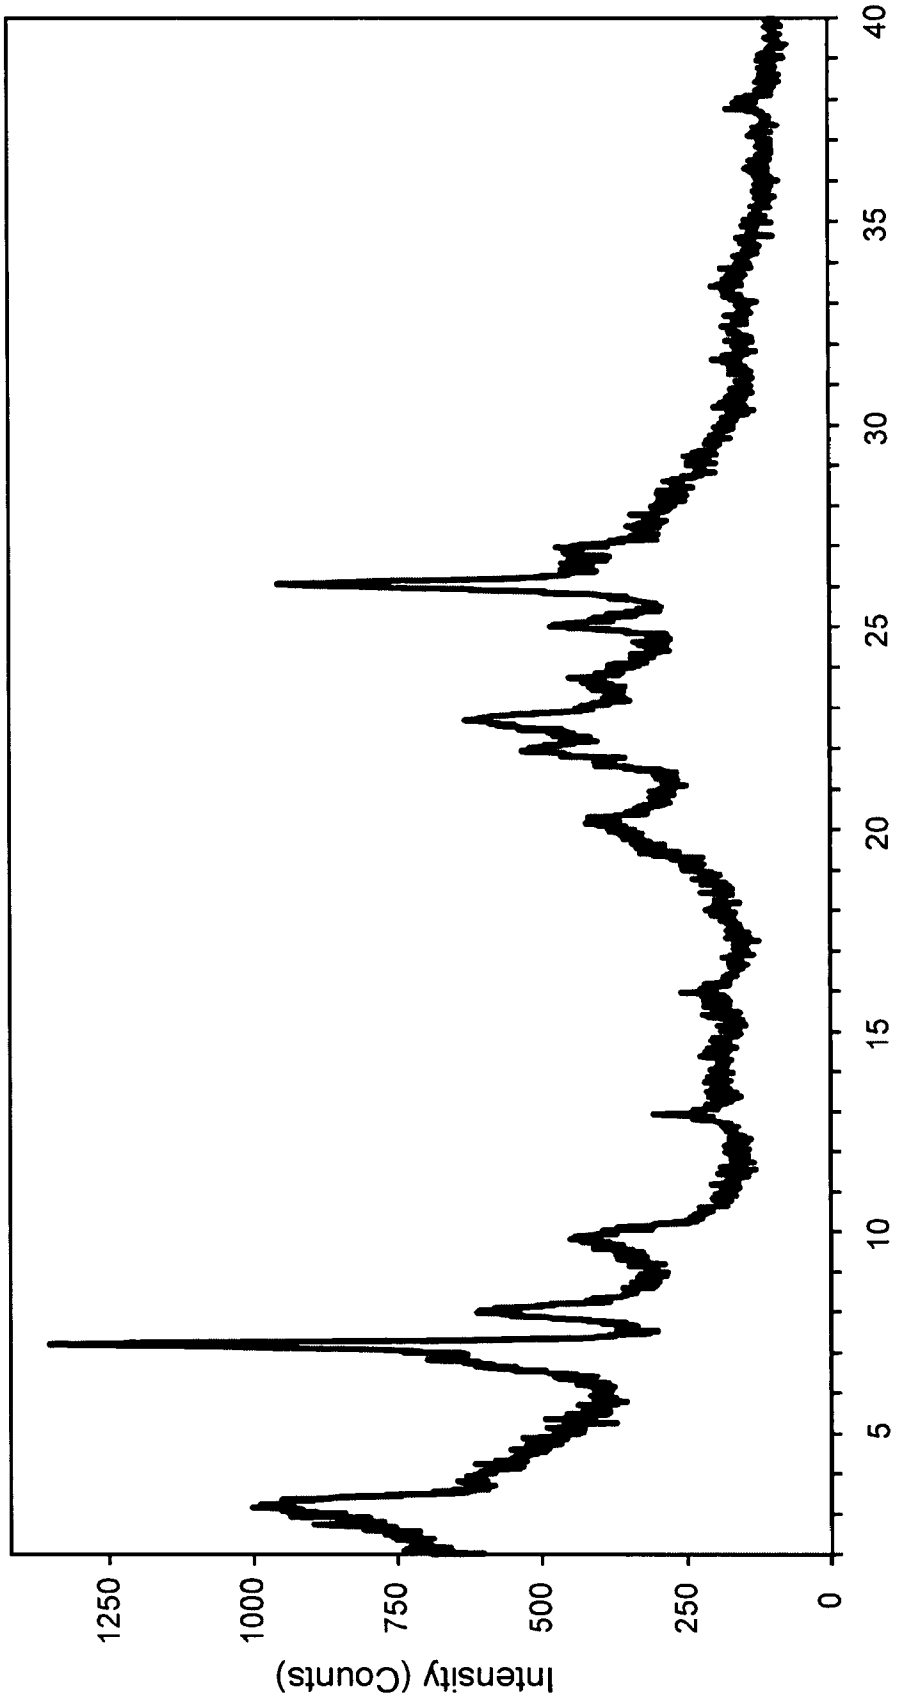

Figure 7:
XRD of the as-synthesized product of example 3 after 48 hrs of crystallization

Figure 8:
SEM of the as-synthesized product of example 3 after 48 hrs of crystallization

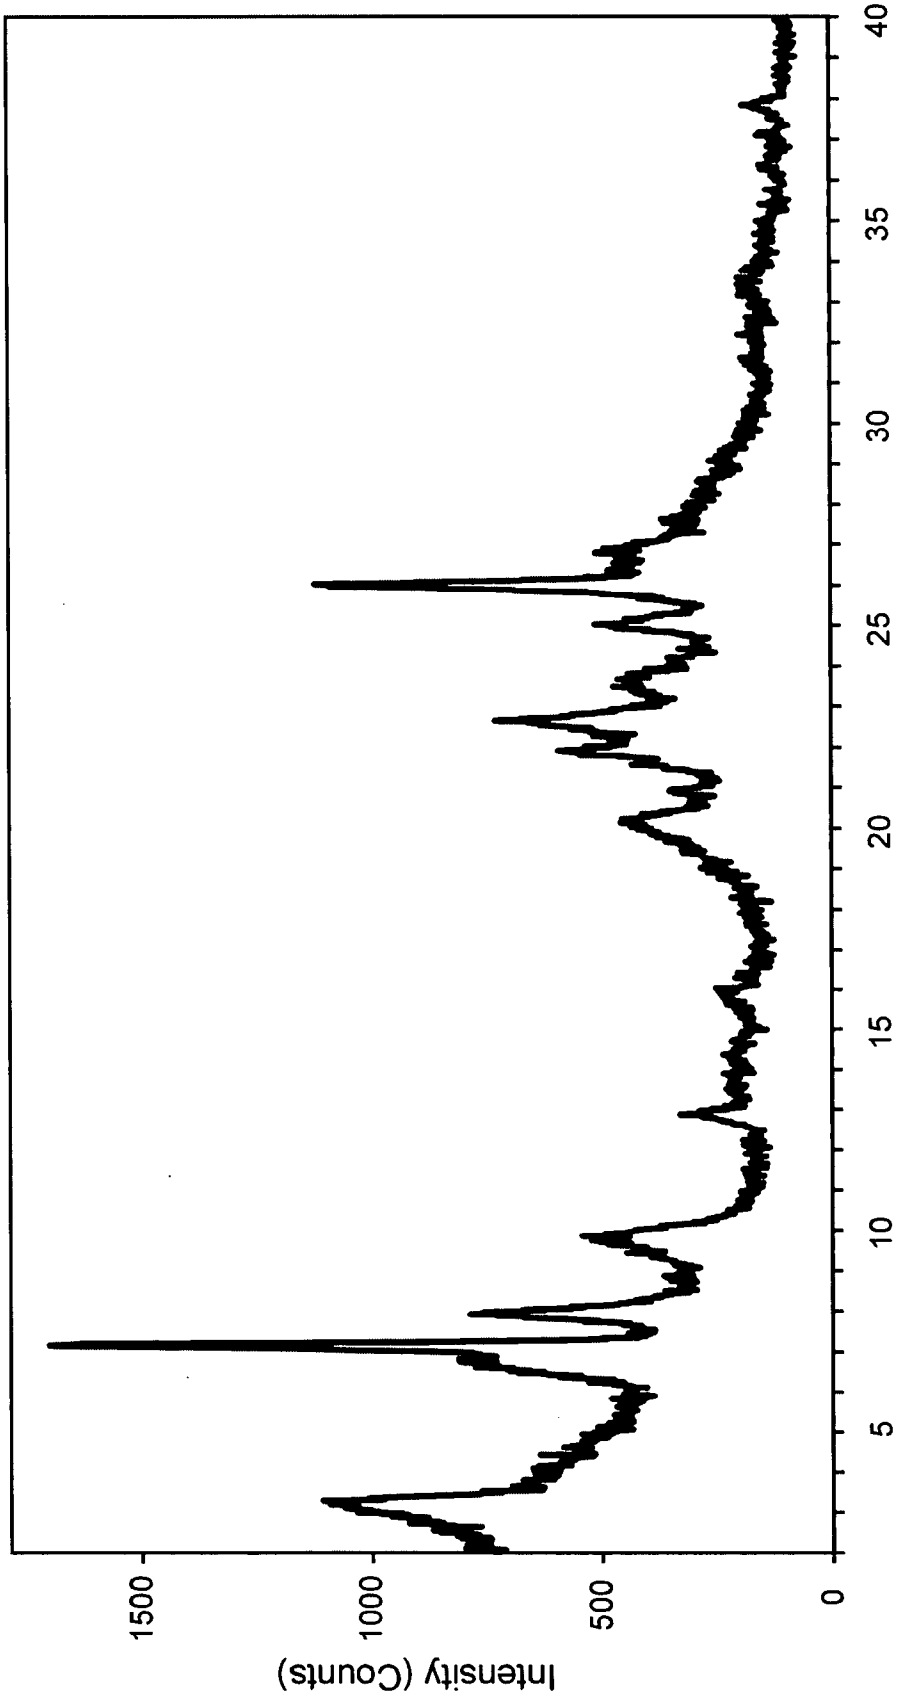

Figure 9:
XRD of the as-synthesized product of example 4 after 48 hrs of crystallization

Figure 10:
SEM of the as-synthesized product of example 4 after 48 hrs of crystallization
