Dear Sirs,

APPLICATION TO RECORD ASSIGNMENT FROM COOPER INDUSTRIES INC.
TO COOPER CAMERON CORPORATION**

I refer to your letter of 30 July 1997.

2 We would accept for registration purposes an amendment of the assignment wither by way of a separate confirmatory document or an amendment of the Schedule to reflect only the Singapore patent registration numbers if the amendments are initialled by the parties to the assignment. If the amendments are initialled by you on behalf of your clients, please let me have your confirmation in writing that you are authorised to do so. A mere substitution of a new schedule for the original schedule would not be in order.

3 To further correct the Patents Form 24 that was originally filled, please lodge Patents Form 23, indicating the amendments e.g. the fresh schedule of patents.

4 Please let me have your response within 2 months from the date of this letter.

Yours faithfully,

Toh Hwee Lian (Ms)
