

5

METHOD FOR THE REMOVAL OF THE TEMPLATING AGENT FROM SYN-
THETIC ZEOLITES.

Abstract

- 10 The present invention relates to a method for the removal
of the templating agent from synthetic zeolites in general
and in particular from silicalite, titanium silicalite and
from composite materials containing zeolites and for their
activation as catalysts.
- 15 The method consists in treating the above materials with
solvents in vapor phase and at a low temperature.
