

DISPLAY DEVICE, DISPLAY METHOD, CONTROL DEVICE, AND
COMPUTER PROGRAM

ABSTRACT

[Problem] A display device, a display method, a control device, and a computer program that enable even an inexperienced operator to easily add new guide information are provided.

[Solution] A display device includes a display screen. A warning is issued by displaying a warning related to an operating status of a plant on the display screen of the display device. In this case, a region displayed for adding guide information is configured to be displayed on the display screen.
