

[図1]

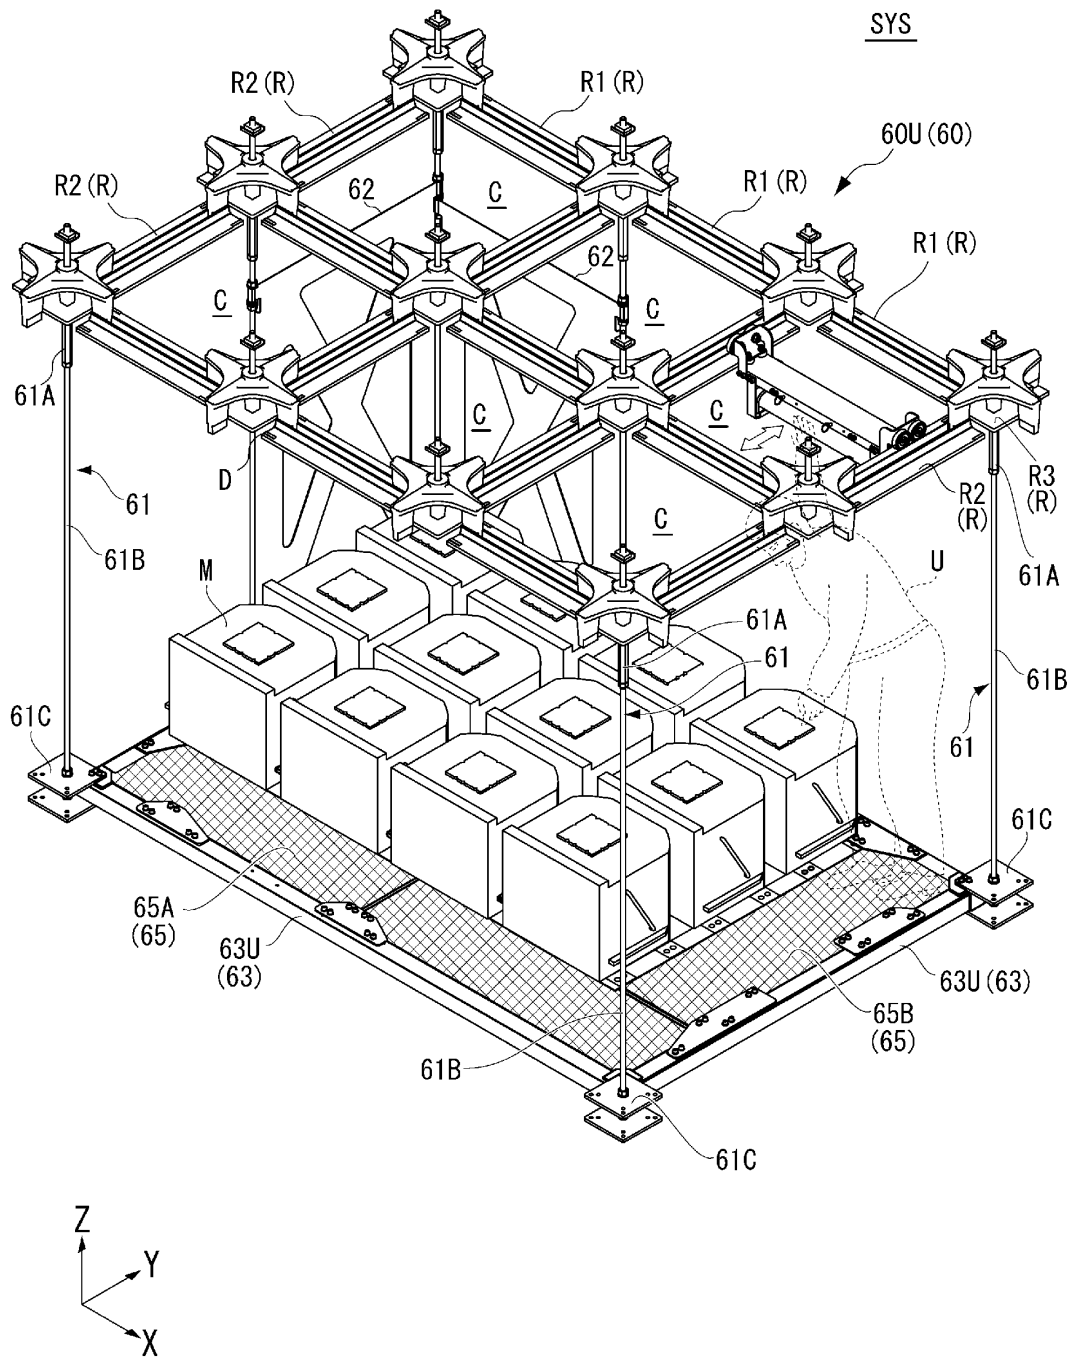

[図2]

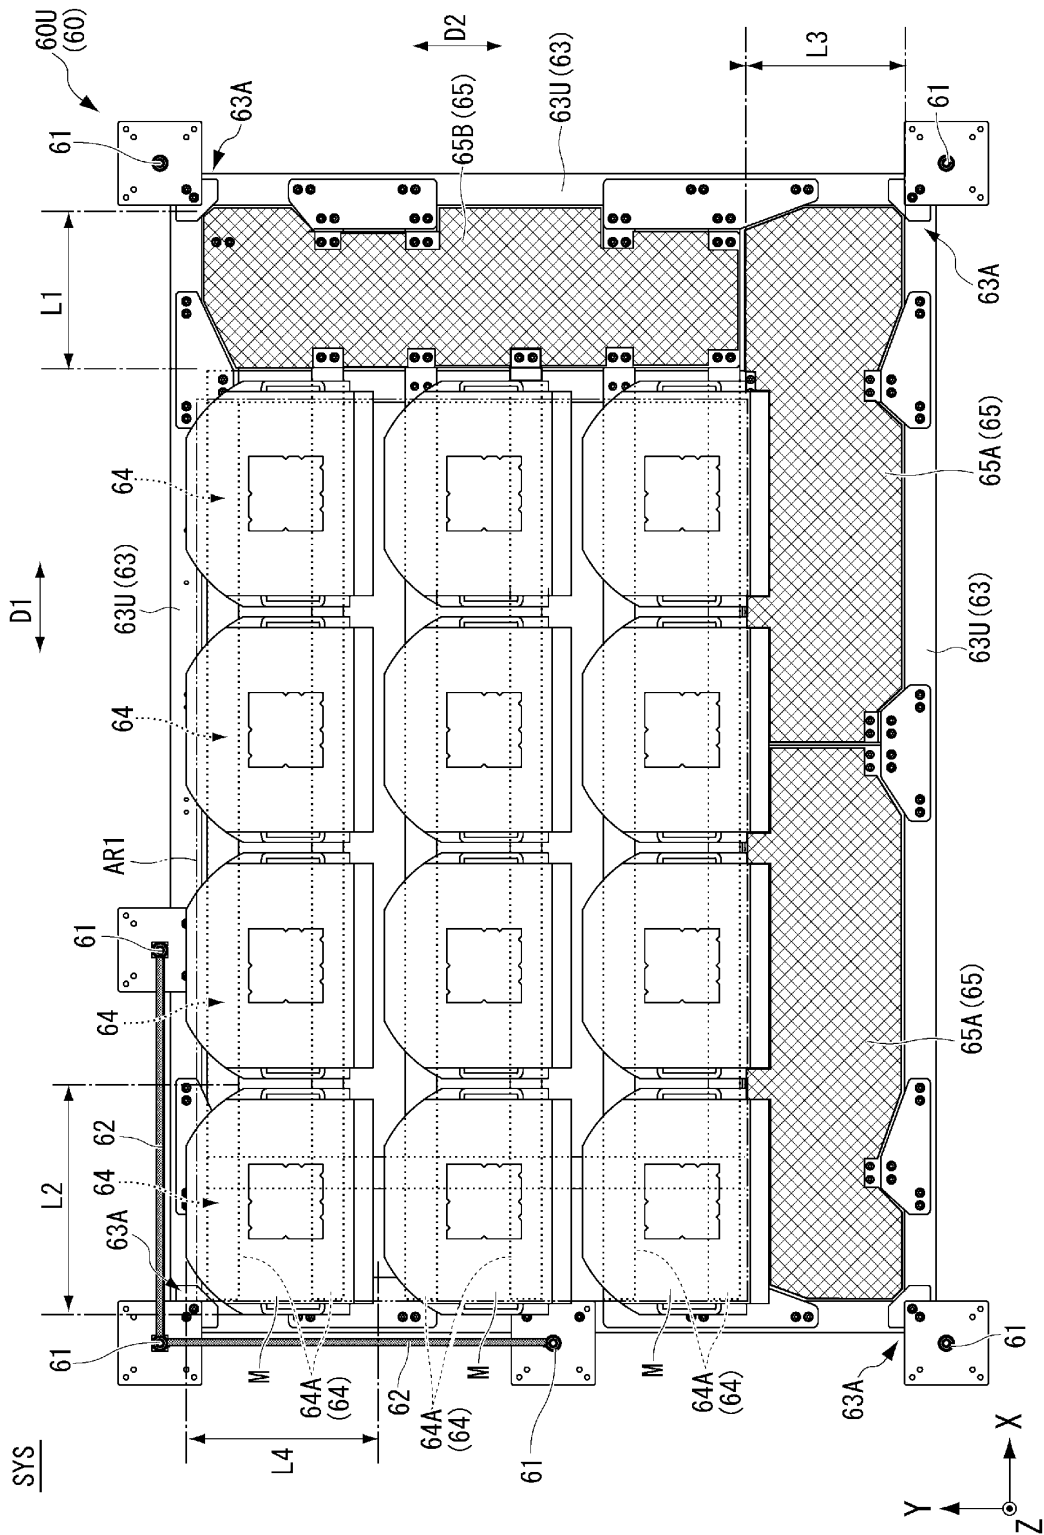

The diagram illustrates a system 100 comprising two vertical assemblies, 10 and 20, positioned side-by-side. Assembly 10 features a base 17 supporting a central body 11, which is topped by a section 12 containing layers 12a and 12b. A horizontal component 14 is connected to the base of assembly 10. Assembly 20 is similar, with base 17a and components 21, 22, 30, 31, 32, and 50. Both assemblies are connected to a lower unit Ma through vertical conduits 13a and 13b. A coordinate system (X, Y, Z) is provided for reference.
