FIG. 5A

Figure 1 is a screenshot of a web browser interface. The browser window has a title bar labeled "Web Browser". Below the title bar is a toolbar with icons for back, forward, and search. The main content area of the browser displays a form with the following fields: "Client:" (with a dropdown menu), "Type:" (with a radio button selected for "Air"), "Itinerary:" (with a text input field), "Merchant:" (with a text input field), "Amount:" (with the value "\$123.4"), "Purchase Order #:" (with a text input field), and "Employee ID #:" (with a text input field). A modal dialog box is overlaid on the form, displaying the error message: "Payment Number Request Error. The following fields are in error: Invalid Purchase Order - Purchase Order may not include any non-numerical characters. Invalid Employee ID - Employee Identification Number must be six digits." The dialog box has a "Return" button. The browser window also shows a status bar at the bottom with the text "Request Payment Number" and a "Submit Request" button.
