

**DEVICE FOR OUTPUTTING INFORMATION FOR INSPECTION AND FOR
ANALYZING SYSTEM TENDENCY THROUGH ANALYSIS AND
TRANSLATION OF COMPUTER OPERATION LOG**

ABSTRACT OF THE DISCLOSURE

5 The purpose of the present invention is to deter criminal acts by monitoring for,
inspecting, and tracking such acts as the input of fraudulent records, falsification of
accounting-related records, and unauthorized acquisition of confidential corporate
information due to the common practice of using computers at work. An event log, an
inspection log, a system log, and the like are decoded, analyzed, and translated into a
10 human-understandable natural language such that when and who did what can be
ascertained at any time.
