SKIN-WHITENING COMPOSITION COMPRISING EXTRACTS FROM TREES INCLUDING PAPER MULBERRY

ABSTRACT

The present invention relates to a skin-whitening composition comprising a paper mulberry extract, and more particularly to a skin-whitening composition containing an extract of *Acer barbinerve Max., Acer barbinervis var. glabrescens, Wikstroemia trichotoma, Acer tschonoskii var. rubripes, Edgeworthia chrysantha, Broussonetia papyrifera for. Oppositifolia, Broussonetia papyrifera for. Lucida, Daphne kamtschtica* or *Broussonetia kazinoki Siebold,* which can be used safely on the skin without causing side effects and has excellent effects of inhibiting melanin production and pigmentation.
