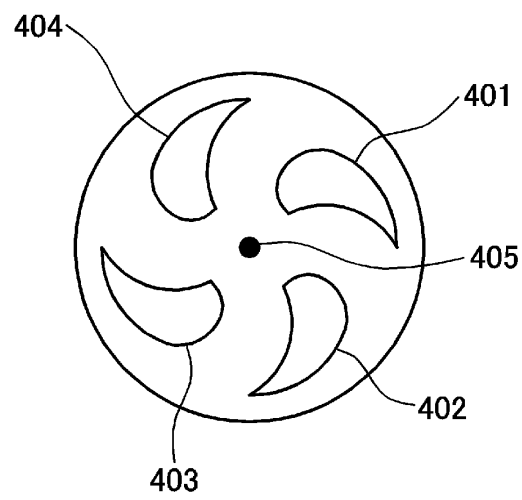

Fig. 1 is a perspective view of a zigzag-shaped member 21. The member 21 has a series of peaks and valleys. A dashed line 23A(23) connects the peaks, and another dashed line 23B(23) connects the valleys. The angle between the member and the peak line is labeled θ_1' , and the angle between the member and the valley line is labeled θ_3' . Other labels include 24, 25, 26, and 260.
