(54) Title: METHOD FOR MANUFACTURING A FILM ON A SUPPORT HAVING A NON-FLAT SURFACE

(57) Abstract: The invention relates to a method for manufacturing a film (12) on a support (20) having a non-flat surface, characterised in that it comprises: - the supply of a donor substrate (10) having a non-flat surface, - the formation of an embrittlement zone (11) in the donor substrate (10) so as to delimit said film (12) to transfer, - the formation of the support (20) by deposition on the non-flat surface of the film (12) to transfer, - the detachment of the donor substrate (10) along the embrittlement zone (11), so as to transfer said film (12) onto the support (20).
