(54) Title: **HYALURONIDASE PARTICLES, COMPOSITIONS COMPRISING THE SAME AND METHODS OF MAKING AND USING THE SAME**

Fig. 1

(57) Abstract: Described herein are hyaluronidase particles, compositions comprising the same, and methods for making and using the same. Compositions of the present invention may include a hyaluronidase particle and may be a suspension. A particle including hyaluronidase may have a water content of less than about 15% by weight of the particle and/or a water activity of less than about 0.9. In some embodiments, methods of the present invention may include subcutaneously, intramuscularly, and/or intradermally administering to a subject a particle comprising hyaluronidase, wherein the particle has a water content of less than about 15% by weight of the particle and/or a water activity of less than about 0.9.
