(54) Title: ORAL CARE COMPOSITION

Figure 2a

(57) Abstract: The present invention provides a non-abrasive oral care composition, comprising a fragrance for imparting aroma and a natural additive for imparting additional properties, characterized in that the oral care composition further comprises a type of plant-based anionic surfactant and a type of plant-based non-ionic surfactant for forming a protective coating on an applied dental structure. Optionally, the oral care composition further comprises a type of plant-based amphoteric surfactant for stabilizing the composition and enhancing coating and foaming. The composition may further comprise an essential oil for imparting flavour, a menthol for providing a cooling sensation, and a sweetener for imparting pleasant taste to the composition, and a preservative for preventing the growth of microorganisms.
