

A B S T R A C T

DISPOSABLE DIAPER PROVIDED WITH TAPE FASTENER

A disposable diaper includes tape fasteners 21 each having an elastically stretchable/contractile basic tape member 22 and a hook member 23 attached onto an inner surface of the basic tape member 22. The hook member 23 has inner and outer side edges 33, 34 and the inner side edge 33 extends towards a proximal end portion 26 of the basic tape member 22 in its transversely middle zone.

Refer to Fig. 2.
