(54) Title: REMOVABLE ADHESIVE TAPE AND PULL TAB, AND METHOD OF FORMING

FIG. 8

(57) Abstract: A stretch releasing adhesive tape with an improved pull tab is disclosed. Methods are provided by which a single tab film may be adhered to an elongated strip of stretch releasing adhesive tape to form a manually engageable pull tab at a selected location. Such a pull tab may be foldable so as to comprise an unobtrusive visual appearance, and may also be extendable so that the pull tab may be grasped to activate the stretch release.
