(54) Title: ABSORBENT ARTICLES INCLUDING AN IMPROVED ODOUR CONTROL SYSTEM

(57) Abstract: Absorbent articles which are provided with an odour control system. The odour control system includes at least two classes of odour control materials, wherein a first class comprises at least a material having low volatility, and a second class comprises at least a material having high volatility. The odour control system is provided in the absorbent article in a selected position and amount to provide a prolonged odour control action.
