ABSTRACT

METHOD AND DEVICE FOR CRUSHING ROCK, MANIPULATOR TO BE USED IN SUCH A DEVICE, ASSEMBLY OF A HOUSING AND A WIRE CONDUCTOR PLACED THEREIN, AND ASSEMBLY OF A HOUSING AND A MEANS PLACED THEREIN

A method and apparatus for performing underwater dredging is provided. The method and apparatus include the process of crushing rock during the dredging operation by the introduction of a shock wave in the form of an electrical discharge, which may be aimed via a housing in a direction toward the rock.
