

STEROID COMPOUND, AND PREPARATION METHOD THEREFOR AND USE THEREOF

ABSTRACT

5 Disclosed in the present invention are a steroid compound, and a preparation
method therefor and the use thereof. Specifically disclosed is a steroid compound
having a structure as shown in formula I, etc. or a pharmaceutically acceptable
salt thereof. The compound in the present invention has an SREBP pathway
inhibitory activity, and can be used for preventing and/or treating diseases such as
10 obesity, hyperlipidemia, fatty liver, diabetes, atherosclerosis, cardiovascular and
cerebrovascular diseases, liver cancer and skin injuries.
