(54) Title: AN APPARATUS FOR SIMULATING FINANCIAL ACTIVITIES IN A PERSON'S CAREER LIFE

FIG. 1

100

(57) Abstract: An apparatus for simulating financial activities with a plurality of players, each player being one profession from a plurality of professions, the apparatus comprising a board having a plurality of spaces arranged about the periphery of the board; at least one cash flow table for each player indicating assets of the player; a token for each player for indicating movement on the board; at least one reference table indicating attributes of a financial activity simulated for the players; at least one set of cards, each card representing a financial event affecting the assets of at least one player; wherein the plurality of spaces comprises a plurality of profession-related spaces, each profession-related space being associated with a financial activity relevant to at least one profession and allowing a player of the at least one profession to perform the financial activity when his token lands on the profession-related space.
