

[TITLE]

SEVEN-YEAR-PERIOD-BASED SKIN MANAGEMENT COUNSELING
SYSTEM

5 **[ABSTRACT]**

The present disclosure relates to a skin management
counseling system and, more particularly, to a seven-year-
period-based skin management counseling system for
providing a customized skin management solution including
10 life management and skin management information according
to a user's skin trouble. According to the present
disclosure, provided is a customized skin management
solution, which classifies and analyzes a skin condition of
the user for each of the main trouble items of nutrition,
15 complexion, and wrinkles so as to enable skin management
information to be provided in combination, and reflects
both skin condition analysis result data and a lifestyle
analysis result of the user such that various causes, which
can affect the skin condition, such as weather, environment,
20 mental stress, and lifestyle are considered. In addition,
according to the present disclosure, provided is a more
accurate customized skin management solution for the user's
skin condition by generating solution data in consideration
of skin troubles for each age group according to a seven-
25 year-period corresponding to an inflection cycle in which

the skin condition is suddenly changed, and matching the generated solution data with the skin condition analysis result data of the user. Furthermore, according to the present disclosure, provided is a method for presenting a skin management solution on the basis of a preset skin trouble inflection cycle by using the skin management counseling system according to the present disclosure.
