ABSTRACT OF THE DISCLOSURE

G00002

Title of the Invention: SANITARY PANTY

5 Provided is a sanitary panty including a front part, a
back part, a crotch part located between the front part and
the back part, a waist portion formed by an upper edge portion
of the front part and an upper edge portion of the back part,
a pair of leg openings defined below joining portions of both
10 side edges of the front part and both side edges of the back
part, a suspending member extending over the front part, the
crotch part and the back part in a longitudinal direction, and
an extension cloth extending from both sides of the suspending
member located at least in the crotch part and the back part.

15 The suspending member is gradually reduced a width from the
waist portion to the crotch part in the back part. The
suspending member has greater elastic modulus in a longitudinal
direction than that in a lateral direction.
