(54) Title: NON-GELATIN BASED CAPSULES

(57) Abstract: A capsule for a complementary health or pharmaceutical product comprising: (a) a hard or soft shell made from a gelatin free material; and (b) a fill material, wherein the shell material comprises a suitable polymer or gum, or a combination of two or more polymers and/or gums having a hydrophilic/hydrophobic balance determined by water solubility which is compatible with the fill material, and/or the appropriate chemical characteristics to minimise chemical interactions with the fill material components.
