(54) Title: METHOD FOR APPLYING INSULATION TO A COMBINED CYLINDRICAL TANK, A COMBINED CYLINDRICAL TANK AND USE THEREOF

Figure 1

(57) Abstract: The present invention concerns a method for applying insulation to a combined cylindrical tank for storage of liquefied gas. One or more layers of a polymer foam (2) are sprayed onto the exterior surface of the tank shell (1). Crack barriers (4) are mounted on top of certain layers of the polymer foam (2), wherein the crack barriers (4) are anchored to the exterior surface of the tank shell (1). The invention also concerns a corresponding combined cylindrical tank for storage of liquefied gas, as well as the use of such a combined cylindrical tank for storing and/or transporting a liquefied gas.
