

[ABSTRACT]

The present invention aims to provide a borate compound-
composition containing soluble in hydrocarbon solvents and
useful as a cocatalyst for solution polymerization of olefins
5 or dienes.

According to the present invention, a composition
containing a compound represented by the following formula (1),
and a compound represented by the following formula (4):

10 wherein each symbol is as defined in the specification, which
is useful as a cocatalyst for polymerization of olefins or
dienes, and a production method thereof can be provided.
