

Fig. 1

Fig. 2

A cross-sectional view of a multi-layered material. The material consists of three horizontal layers, all filled with diagonal hatching. The top layer is labeled 12, the middle layer is labeled 10, and the bottom layer is labeled 13. A bracket on the left side of the top two layers is labeled 9. The top edge of the material is tapered, sloping downwards from left to right. An arrow labeled 5 points towards the top right corner of the material. The bottom edge is a straight horizontal line, labeled 7.
