ABSTRACT OF THE DISCLOSURE

Title of the Invention: ABSORBENT ARTICLE, ABSORBENT BODY FOR
ABSORBENT ARTICLE, AND MANUFACTURING PROCESS THEREFOR

Disclosed is an absorbent body for use in an absorbent article. The absorbent body includes: fragments of nonwoven fabric including heat-fusible fibers, the heat-fusible fibers being bonded to each other to have three-dimensional structure in advance of formation of the fragments; and hydrophilic fibers. The nonwoven fabric fragments and the hydrophilic fibers are blended.
