— *before the expiration of the time limit for amending the claims and to be republished in the event of receipt of amendments*

(88) Date of publication of the international search report: 19 May 2005

For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.

(54) Title: ORAL CARE METHODS AND PRODUCTS

(57) Abstract: The invention provides methods, oral care products and kits for treating mouth tissues of an animal. In particular, the invention provides methods, oral care products and kits which use or comprise a non-peptide polyamine chelating agent, most preferably trientine, or a physiologically-acceptable salt thereof, which can inhibit the release of pro- inflammatory cytokines, particularly interleukin 8, from cells located in tissues of the mouth and can reduce the damage done by reactive oxygen species (ROS) to such tissues.
