(54) Title: METHOD AND APPARATUS FOR SELECTIVE RECORDING OF TELEVISION PROGRAMS USING EVENT NOTIFICATIONS

(57) Abstract: Improved enhanced TV programming provides the capability for event driven recording of TV programs and program segments. Recording a selected program segment of a digital TV program includes receiving a digital TV stream including the digital TV program, automatically starting recording of the selected program segment of the digital TV program when a first event notification is received, and automatically stopping recording of the selected program segment when a second event notification is received.
