— *with international search report*
— *before the expiration of the time limit for amending the claims and to be republished in the event of receipt of amendments*
— *with sequence listing part of description published separately in electronic form and available upon request from the International Bureau*

(88) Date of publication of the international search report:
18 September 2008

(54) Title: IMPROVEMENT OF CELL GROWTH

(57) Abstract: The invention concerns the field of cell culture technology. It concerns a method of improving cell growth, especially the growth of biopharmaceutical producer host cells. The invention further concerns a method of producing proteins using the cells generated by the described method.
