

**TITLE OF INVENTION: SULFATE-FREE COMPOSITION FOR WASHING
HAIR OR CLEANSING SCALP COMPRISING BEAD**

ABSTRACT

5

The present disclosure relates to a sulfate-free composition for washing hair or cleansing scalp, including: an anionic surfactant; and a cationic polymer, wherein the anionic surfactant comprises an isethionate-based anionic surfactant. The composition shows excellent bubbling capability and turbidity, while not containing a sulfate-based surfactant known to be highly irritative.
