

PROCESS FOR PRODUCTION OF SULFIDE GROUP-CONTAINING
MERCAPTOCARBOXYLIC ACID AND ESTER THEREOF

ABSTRACT OF THE DISCLOSURE

To prevent the formation of harmful halogen-containing waste and to improve the productivity of a sulfide group-containing mercaptocarboxylic acid ester.

A process for producing a sulfide group-containing mercaptocarboxylic acid ester, which comprises adding one of thiol groups of a dithiol compound to an acrylic acid ester derivative.
