

Abstract

CONJUGATED DIENE BASED POLYMER, AND POLYMER COMPOSITION CONTAINING THE POLYMER

5

The present invention relates to a conjugated diene based polymer comprising a monomer unit derived from at least one conjugated diene selected from 1,3-butadiene and isoprene and a monomer unit derived from a compound represented by

10 Formula (1):

wherein n represents an integer of 0 to 5; R^{11} , R^{12} and R^{13} each independently represent an alkyl group having 1 to 10 carbon atoms.
